# PROBLEM STATEMENT

- In today's digital world, having a professional online presence is essential.
- Resumes and CVs alone are not enough to demonstrate skills, creativity, and personality.
- Lack of a centralized platform to showcase projects, skills, and achievements in a visually engaging way.

# PROJECT OVERVIEW

- Developed a personal portfolio website to showcase my identity as a web developer.
- Designed sections for About Me, Skills, Projects, and Contact.
- Integrated animations, interactive skill charts, and a functional contact form.
- Focused on creating a user-friendly, modern, and responsive design.

# WHO ARE THE END USERS?

- Recruiters & Hiring Managers – to evaluate my skills and projects.
- Peers & Mentors – to view and provide feedback on my progress.
- Clients or Collaborators – to understand my capabilities for potential projects.
- Personal Branding – anyone who wants to know more about me and my work.

# TOOLS AND TECHNIQUES

- Languages Used: HTML, CSS, JavaScript
- Design Concepts: Responsive design, animations, typewriter effects
- Libraries/Concepts:
  - Intersection Observer API for animations
  - Circular progress charts for skills
- Hosting/Deployment: Netlify (or any free hosting platform)

# POTFOLIO DESIGN AND LAYOUT

- Header Navigation – Quick access to all sections.
- Hero Section – Name, tagline, and animations for first impression.
- About Section – Personal introduction with image and description.
- Skills Section – Animated circular skill indicators.
- Projects Section – Grid-based and carousel-style project cards.
- Contact Section – Interactive contact form with popup confirmation.
- Footer – Copyright and closing note.

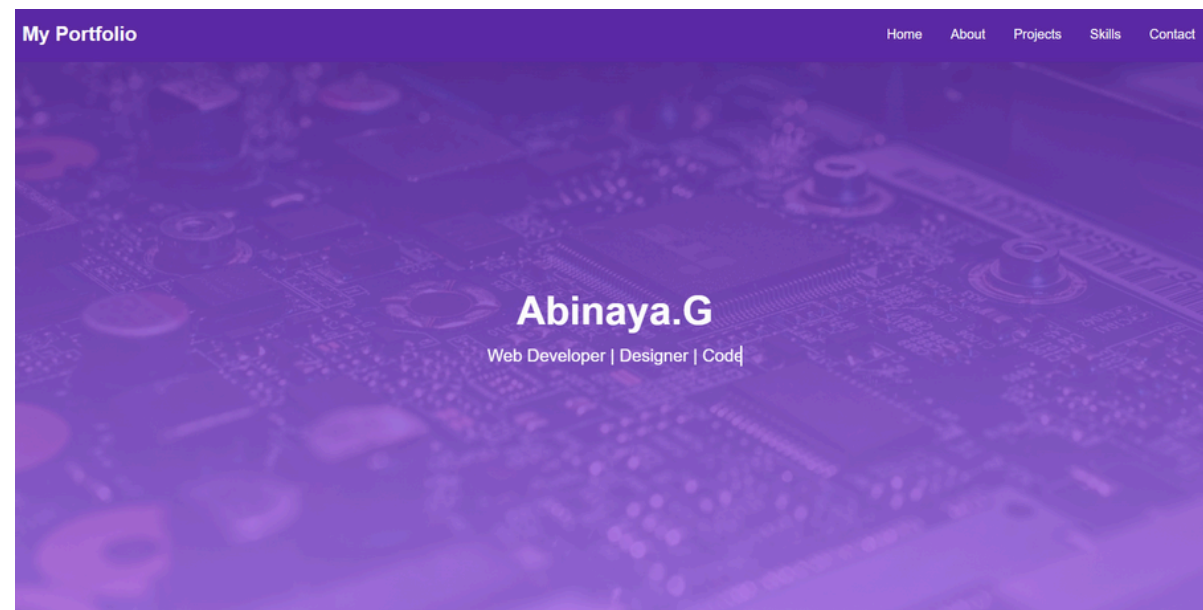

# FEATURES AND FUNCTIONALITY

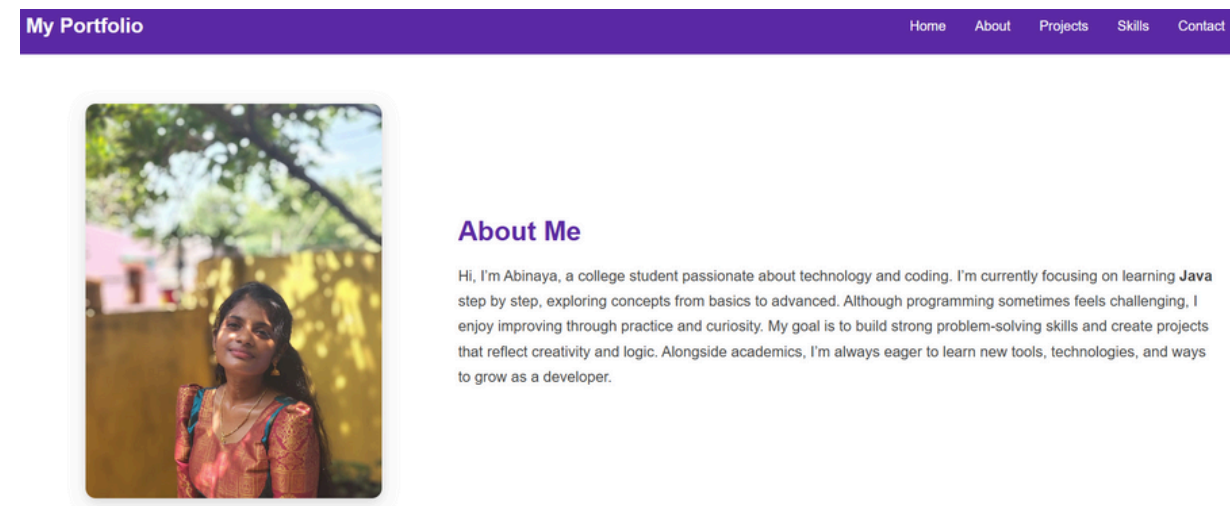

- Responsive Design – Works on desktop, tablet, and mobile.
- Hero Animations – Zoom and typewriter text effect.
- Skills Visualization – Animated circular progress bars.
- Projects Display – Grid and carousel layout with hover effects.
- Contact Form – Integrated with Formspree for message handling.
- Popup Message – Confirmation popup on successful form submission.

# RESULTS AND SCREENSHOTS

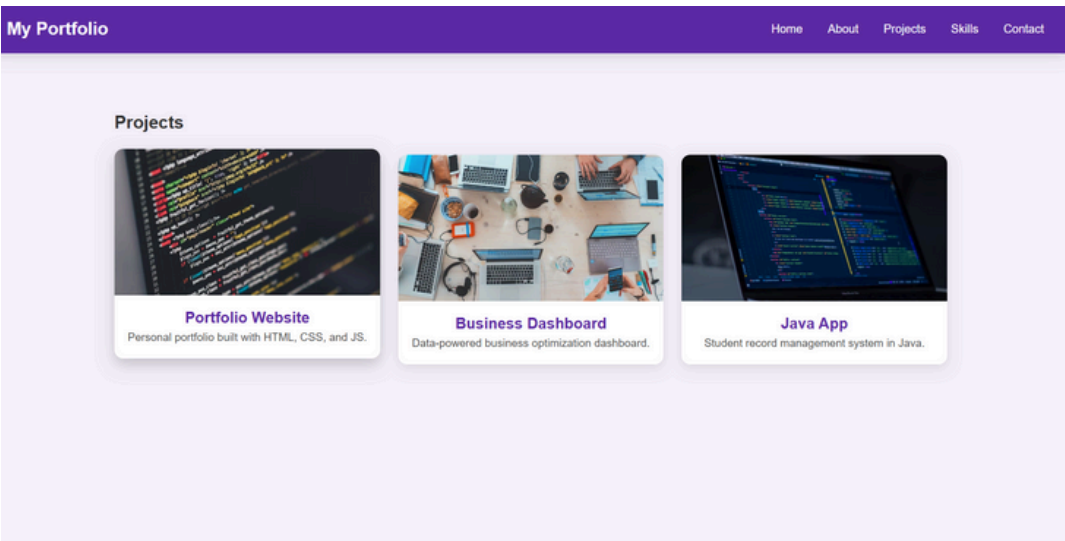

## Hero Banner

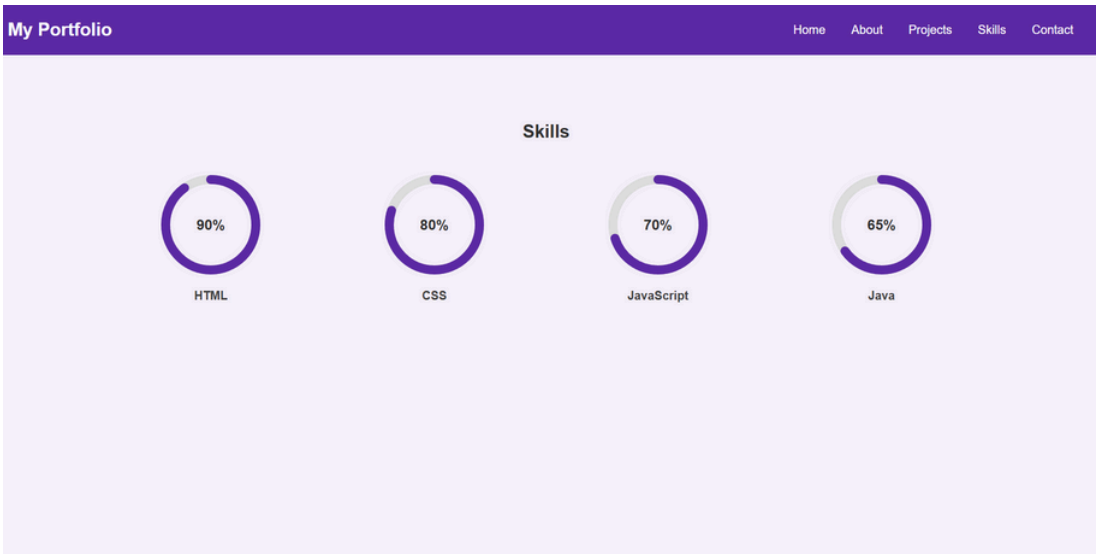

## About me

# Project Section

# Skill section

# Contact Section

This screenshot shows the 'Contact Me' section of a portfolio website. It features a purple header with the text 'My Portfolio' and navigation links for 'Home', 'About', 'Projects', 'Skills', and 'Contact'. Below the header, the 'Contact Me' title is centered. A contact form is displayed with three input fields: 'Your Name', 'Your Email', and 'Your Message'. A purple 'Send Message' button is located at the bottom of the form.

# CONCLUSION

- Built a modern, responsive, and interactive portfolio website.
- Showcases technical skills, creativity, and personal branding.
- Provides an easy way for recruiters, peers, and collaborators to connect with me.
- This project helped me strengthen my HTML, CSS, and JavaScript skills.
- Future scope: Add more projects, backend integration, and blog section.
